## MEETINGS

### TRANSNATIONAL PROJECT MEETINGS

We had the chance to meet three times as a team and discuss about the internal management of the project. We worked together in Rome, Southampton, and Valencia! These meetings were very important to strengthen the partnership and reach the goals we set!

### LEARNING TEACHING AND TRAINING ACTIVITY

In Konya our coordinator hosted teachers from our countries. Among them there were experts in financial literacy who tested the platform and modules we developed. Furthermore the other teachers had the chance to get a first training about financial and economic topics! Last but not least, the hosts organized social activities that amazed participants and made them discover the attractions of the city of Konya.
